

Our Mission Statement

At Crawford Village Primary School, we strive to ensure that all children feel happy, safe, secure and truly valued as individuals in our school family. Our vibrant and exciting curriculum embraces the community in which we are situated, recognising local history, heritage, geography, business links and, most importantly, the aspirations of all our children.

High quality, personalised learning opportunities enable our children to thrive, providing them with the necessary experiences and skills to achieve their full potential. Our values and ethos provide a nurturing approach to developing the whole child, instilling in our pupils a love of learning that extends beyond their primary years, equipping them with the skills for their future and developing them as creative, responsible and self-aware individuals.
