On the  $7^{th}$  of March 2019, some of the Crawford pupils went to a swimming gala.

Charlie raced in the 25m front crawl and came first in the heats. Then he got into the finals and came first in the finals.

Thomas achieved the 25 m back stroke and came  $2^{nd}$  in the heat and he also came  $2^{nd}$  in the final.

Harry accomplished the 25m breaststroke and came first in the heats and came third in the finals and won a bronze and a silver - he almost came second but he sadly missed the wall.

In mixed relay, Sami, Charlie, Alysha, Thomas and Harry came second.

Then at the end of the gala they announced that Crawford came second as a mini school.
