## *Admissions Policy*

# Admissions Policy

The statutory admission number for Crawford Village Primary School for 2019/2020 is 10.

In line with local authority guidelines, parents are asked to express preferences online for three primary schools. Further information regarding this process can be found at:

<http://www.lancashire.gov.uk/children-education-families/schools/apply-for-a-school-place/apply-for-a-primary-school-place.aspx>

Applications for a place at Crawford Village must be made online via the link:

<https://lccsecure.lancashire.gov.uk/education/data/e-admissions/>

In primary schools, an equal preference scheme is followed to comply with the Schools Admission Code, whereby three parental preferences will be considered equally against the following admissions criteria.

1. Children in public care at the time when preferences are expressed and who are still in public care at the time of their admission to school;
2. Children for whom the Local Authority accepts that there are exceptional medical social or welfare reasons which are directly relevant to the school concerned (see note (i) below);
3. Children with older brothers and sisters attending the school when the youngest child will start, (see note (ii) below);
4. Remaining places are allocated according to where a child lives. Those living nearest to the preferred school by a straight line (radial) measure will have priority, (see note (iv) below).

In the event of oversubscription, the above criteria will be applied in priority order.

## Notes

(i) The medical, social and welfare criterion will consider issues relevant to the child and/or the family. This category may include children without a statement who have special needs. Children who have a statement for special needs will have their applications considered separately.

(ii) Brothers and sisters includes step-children, half brothers and sisters, fostered and adopted children living with the same family at the same address/(consideration may be given to applying this criterion to full brothers and sisters who reside at different addresses).

(iii) The distance criterion which will be used as the tie breaker if there is oversubscription within any of the admission criteria is a straight line (radial) measure. If the Local Authority is unable to distinguish between applicants using the published criteria, (eg twins or same block of flats) places will be offered via a random draw.
