

### Maths:

- Our main focuses in Maths this term are the four number operations, place value and statistics.
- Focus times tables for Circle and Diamond groups will be the multiplication and division facts for the 3,4,6,7 and 8 times tables.

### RE:

- In RE this half term we will be investigating, 'Where did the bible come from?'

### Design Technology:

- We will be discovering a range of different free-range foods and creating a meal using just free-range products.
- We will be tasting and evaluating current products on the market.

### English:

- We will learn the skills of writing folk tales, discussion texts and participating in a formal debate.
- There will be short writing opportunities in the form of thought bubbles, diary entries and letters.
- We will perform and respond to poems on a theme.
- The grammar focus is word classes concentrating on nouns, adjectives, verbs, adverbs, prepositions, adverbial phrases, pronouns and subordinating and coordinating conjunctions.

HUNTED!

Class 3

Autumn 1

2019

### Computing:

- We will recap online safety and how to protect our identity online.
- We will also look at effective searching through search engines.

### Art:

- We will explore the works of aboriginal art and have a go at producing our own.
- We will also learn about the works of artists who include animals and plants in their work.

### Science:

(Animals, plants and their habitats)

- We will be classifying animals into a range of different groupings.
- We will also be studying a range of animals and their habitats- looking at different natural disasters and how this affects their homes.

### History (A local study)

- We will study the history of Crawford, comparing the difference between then and now.
- This will include a trip out on a local walk around the village.

### PE:

- On Tuesdays, athletics will be taught by Miss Aitken.
- WLSP will teach fielding on Fridays.
