

Maths

Year 3 and 4 will be focussing on their place value, addition and subtraction. We will continue to work towards the rapid recall of our times tables.

Year 5 will be focussing their learning on place value, addition, subtraction and statistics

Year 6 will be consolidating and extending their learning in place value, addition, subtraction, multiplication and division.

Times tables for Years 5 and 6 will be revisited and work towards rapid recall of facts will take place.

Geography

We will be studying the difference between the United Kingdom and Great Britain, whilst learning the names of each capital city. We will be using a mixture of maps, atlases, aerial photos and digimaps to help us.

In addition to this, we will be debating topical issues such as flooding and fracking, and investigating the impact these have on human and physical features.

History

We will be stepping back in time to discover Anglo Saxon Britain. We will be working with a variety of different sources as we delve into the rich cultural and political issues from the invasions by the Angles, Jutes and Saxons.

We will be looking at settlement patterns, researching the remains of Sutton Hoo and discovering what the Anglo Saxons liked to eat and how they dressed.

English

We will be investigating the language and layout features of legends before planning and writing our own.

We will also explore persuasive effects in writing before conducting research and creating a promotional presentation.

There will be short writing opportunities in the form of thought bubbles and letters.

The grammar focuses will be: fronted adverbials for when, inverted commas for direct speech, using ed openers, understanding how and when to use modal verbs, identifying the subject and object of sentences and using the active and passive tense.

In reading, we will be focussing on information retrieval.

Science

During Science, we will be lighting up the room by investigating electricity and material properties.

A Kingdom United Class 3 Autumn 1 2020

RE

Be amazed as we step into the wonderful world of Hinduism. We will be learning about all the different stories of Hinduism, and meeting their many different Gods and Goddesses.

Computing

Get your creative thinking caps on as we will be venturing into the exciting world of animation. From onion skinning to stop frame animation, there is lots to learn during this fun topic.

After we have become animation whizzes, we will be finding out how we can stay safe whilst we are online.

PE

In P.E. we will be concentrating on invasion games, in addition to net and ball games.

Music

We will be enjoying and creating a wide range of music, including grime, mixed styles and lyric writing.
