¡Buenos días!

You may have noticed that since we returned to school, some of our pupils have been coming home speaking Spanish! We aim to ensure that all children in years 3 to 6 have an opportunity to immerse themselves in a second language and this year, that will be Spanish. The local high schools all teach this language so this will be very helpful for our children when they move on. The children have been loving learning new greetings and challenging the adults around school with their new knowledge!

European Sports Day Friday 25th September 2020

Spelling Shed

After much deliberation over the many letters of applications we received, two of our fabulous Year 6 pupils have been appointed as Crawford Librarians. They will be in charge of the Crawford Box Library, which will be in action very soon. Congratulations!

Last week, we launched our new spelling resource for Years 2 to 6, "Spelling Shed". The scheme provides lots of activities and games to help children learn their spellings and they were super excited to start! Spelling Shed can be used at home as well so the challenge is on – can you beat your score?

Children's Corner

The Come Back Stronger Project

Anteros Community is a community interest company dedicated to lifelong learning. They have teamed up with The Community Foundation for Lancashire and Counselling West Lancs to run a series of Graffiti and Street Art workshops with extra support. The Come Back Stronger workshops are a chance for young people aged 6 to 24 to get back to mixing with people in a Covid-safe environment (full PPE is provided). Each hour long workshop will also be supported by a qualified counsellor, giving you the opportunity to access advice and information about any concerns you may have as we return to school and work.

To book, parents/guardians should call James on 07964 826 017 or use the booking form at https://anteroscommunity.co.uk/?page_id=28

Class 3 Super Scientists

We are very excited to introduce you to our brand new award for this year – Scientist of the Month! Each month, a person from Class 3 will be awarded this very prestigious title, alongside a certificate and a copy of Whizz Pop Bang magazine to further incite their curiosity of all things science. Congratulations to our very first winner, Alfie. He created his own fair test based around absorbency and wrote a wonderful hypothesis to support it. Well done, Alfie!

Can you solve the riddle?

What always runs but never walks, often murmurs, never talks, has a bed but never sleeps, has a mouth but never eats?
